AMENDMENT

In response to the Final Office Action mailed December 20, 2000, please amend the above-identified application as follows:

In the Claims:

Cancel Claims 1 and 5-7.

Rewrite claims 2-4 and 11 as follows:

2. (Amended) A digital camera as set forth in Claim 4 further comprising a parameter memory into which printer process parameters can be stored.

3. (Twice Amended) A digital camera as set forth in Claim 4 further adapted to effect image sensor tone scale compensation.

4. (Six Times Amended) A digital camera for use with separate color printers each of which having different predetermined process color and printing process parameters, a camera interface, a processor, a program memory, and a marking apparatus under the control of the processor; said camera comprising:  
an imager to capture images;  
a non-volatile memory;  
a printer interface for receiving process color and printing process parameters from a one of the printers in response to connection of the one of the printers to the camera, and for transmitting processed images to the one of the
